

# The Bub Hub Android App

## OVERVIEW

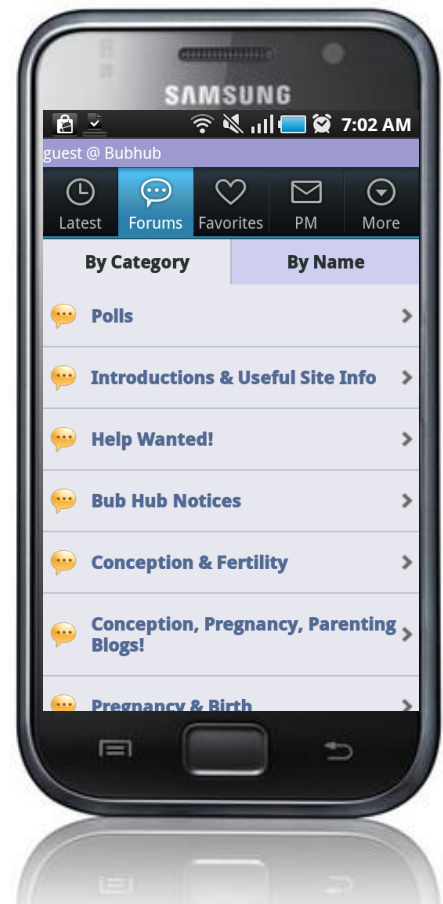

The Bub Hub Android App allows Bub Hub forum members to use the forum on their Android phone through a native app. The app is available at the App Market or App Brain.

Most features of the regular forum are available for use.

Some features are not available, including

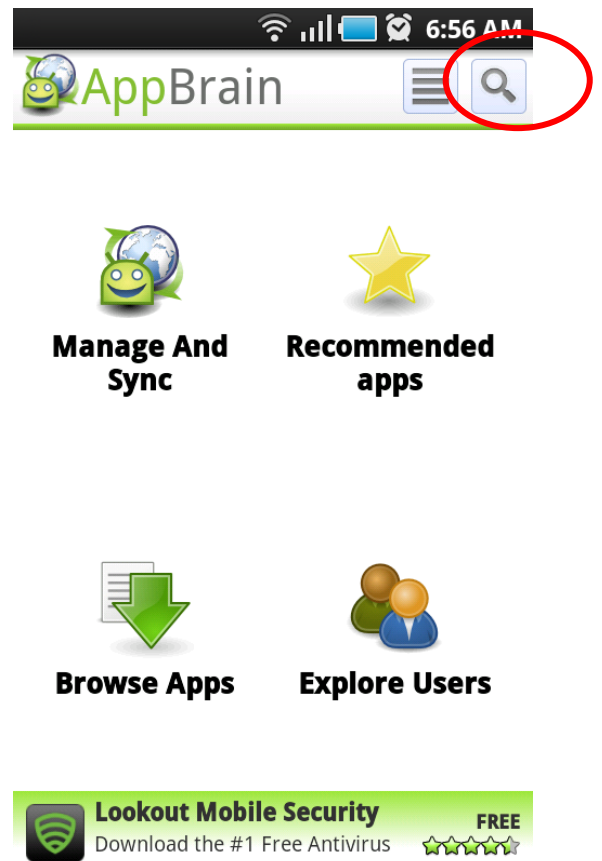

- o Tickers
- o Signatures

This is The Bub Hub's first Android app. If you find any bugs, please let us know via the forum.

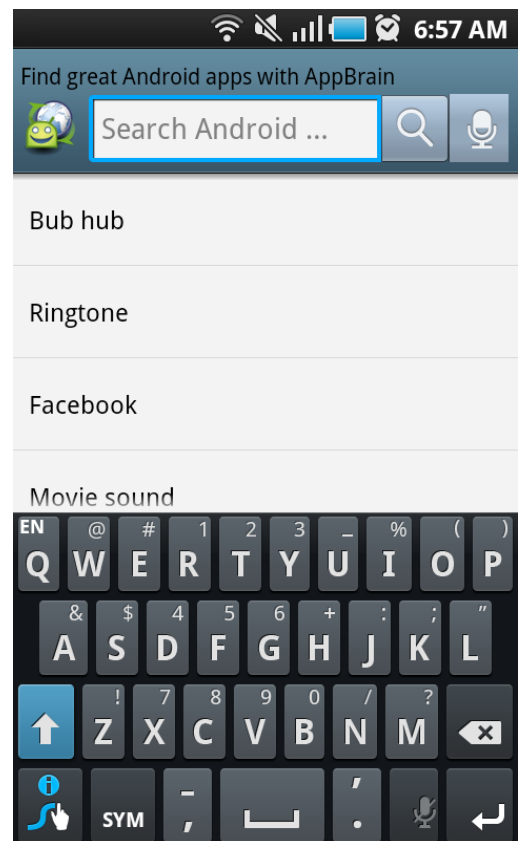

How to download The Bub Hub App to your Android phone.

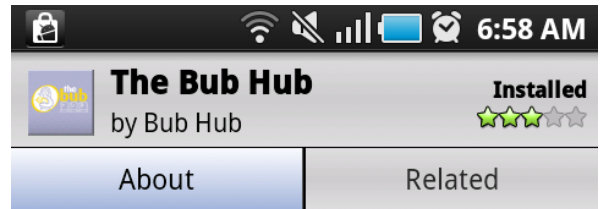

Open App Market or App Brain

Click on 'search' in either program and type in 'Bub Hub'.  
The app will appear in your search results.  
Select the app.

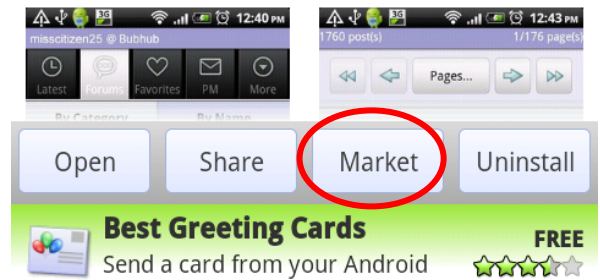

The 'About' screen will provide you with basic information on the app. Select the 'Market' button.

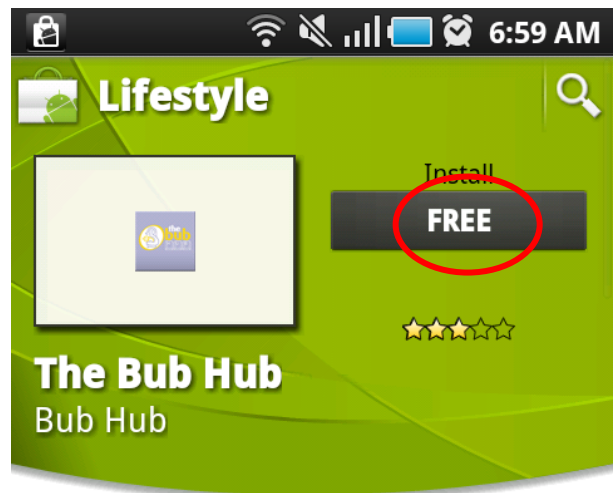

Connect to The Bub Hub using our Android App. Stay in touch, reply to threads, write PMs, and more. Trusted by mothers for info on conception, pregnancy, parenting, babies and toddlers.

Version 1.0.0 891kb

100-500 downloads  
1 ratings (3.00 average)

Click the 'Free' button. Check the permissions, and then 'Install'.

### Description

Once your phone tells you it's all done, check your applications list for the icon. You can also now add it as a shortcut to your main screen.

You're good to go!

## Using The Bub Hub Android App – The Basics

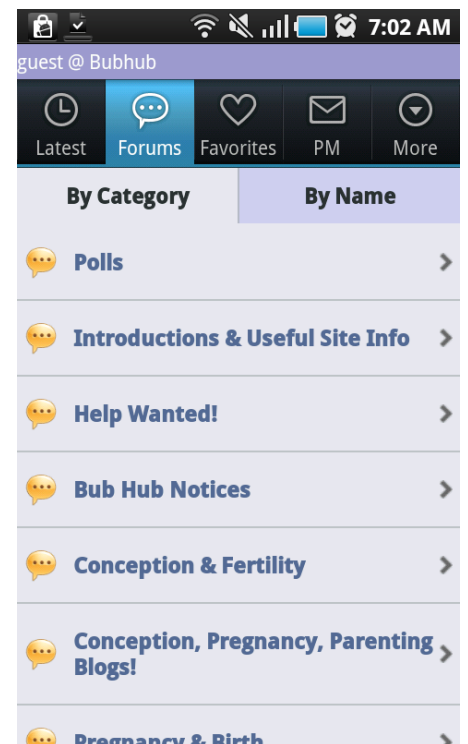

Click the Bub Hub icon in your app list .

The next screen will be the loading screen.  
If this is the first time loading the app, it may take up to 20 seconds.

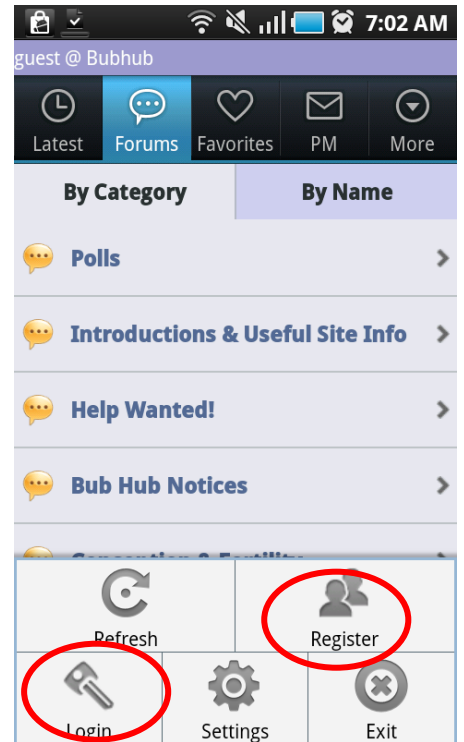

Your next screen will be the forum.  
The main buttons are;

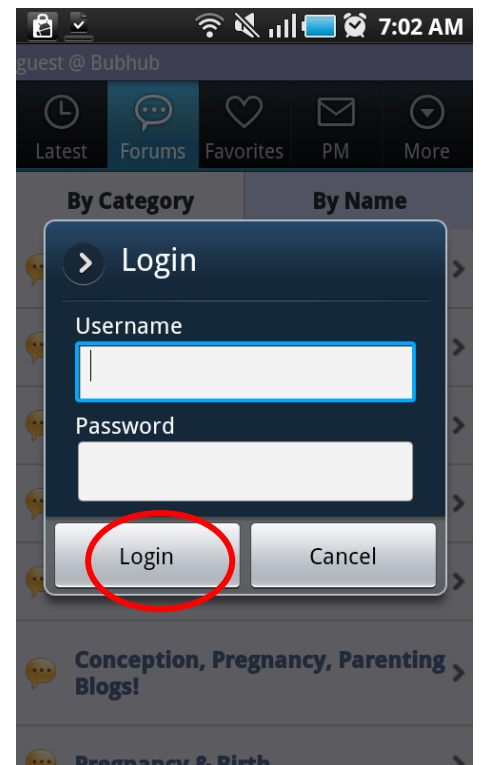

- Sort by Category or Name
- See Latest Posts
- See Forums
- Favourites
- PMs

To log in, press your home/menu button. You will be given several menu options. If you are a first time user and not already registered with Bub Hub, select 'Register'. If you are already registered, select 'Login'.

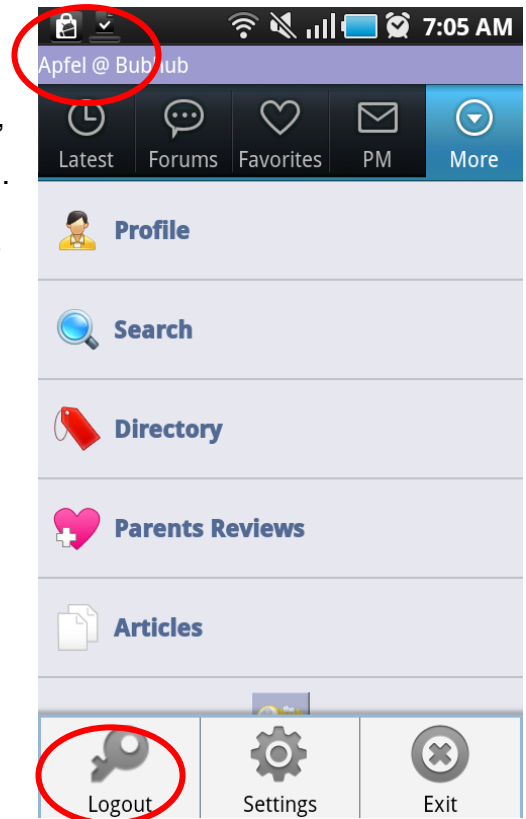

Log in using your Bub Hub username and password. Press 'Login'.

You will now see your user name (instead of guest) displayed at the top of the forum.

When you wish to log out, just press your 'menu' button from the main screen, and select 'Logout'. If you close The Bub Hub App without logging out, you will be automatically logged in next time you open the app.

To navigate back through the app, use the tabs to go forward and your 'back' button to return to the page you were viewing previously.

## Using The Bub Hub Android App – Common Tasks

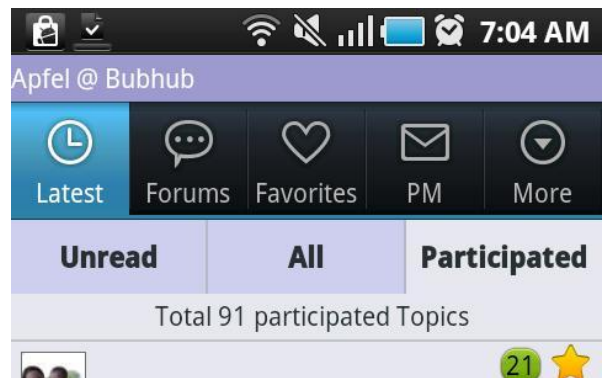

Once you are logged in to The Bub Hub App, you will be able to search and view the forums and your PMs, as well as search the directory, reviews and articles.

### Latest Topics – New Posts and Threads

When you first log in, you will see the 'Latest' view.

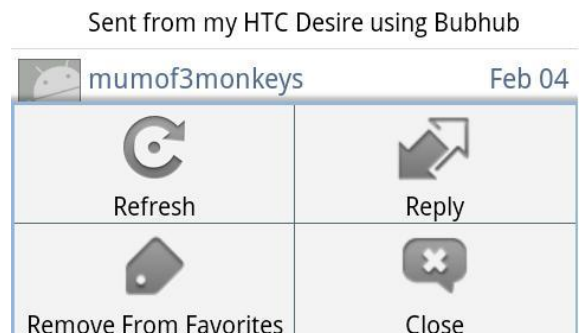

The tabs listed at the top sort the latest topics –

- 'Unread' – this lists the latest posts which you haven't read.
- 'All' – this lists all the most recent posts, regardless of whether you've read them or subscribed to them.
- 'Participated' – this lists the latest posts on threads to which you have subscribed.

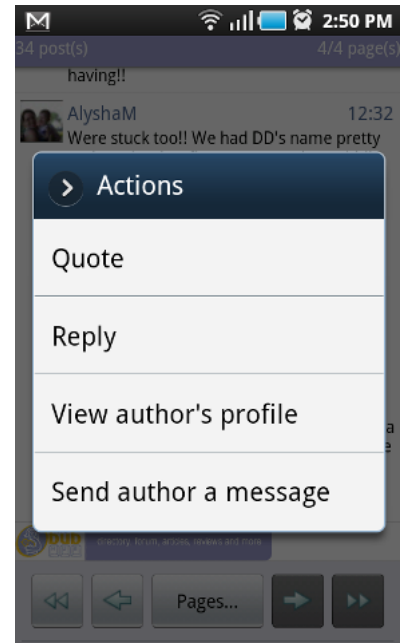

### Replying to a post

If you open a thread you can reply or subscribe to a post by using your menu button.

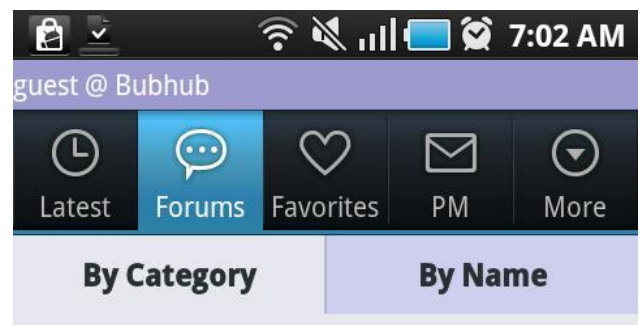

## Quoting a post

Select the post you want to quote. This will bring up a menu from which you can select 'quote' to reply to this post with the post quoted.

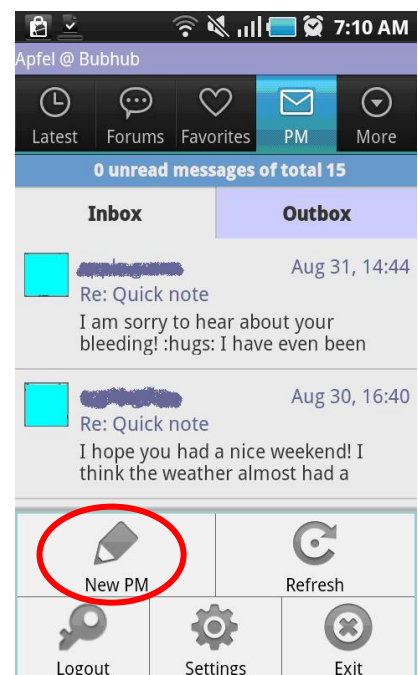

**Forums** will allow you to view polls by category and name, like the main 'forum' area on the Bub Hub website.

**Favourites** are your subscribed threads.

**PM** will allow you to view, reply to and compose private messages to your fellow Bub Hubbers. Selecting the title of the PM will allow you to view it and then reply.

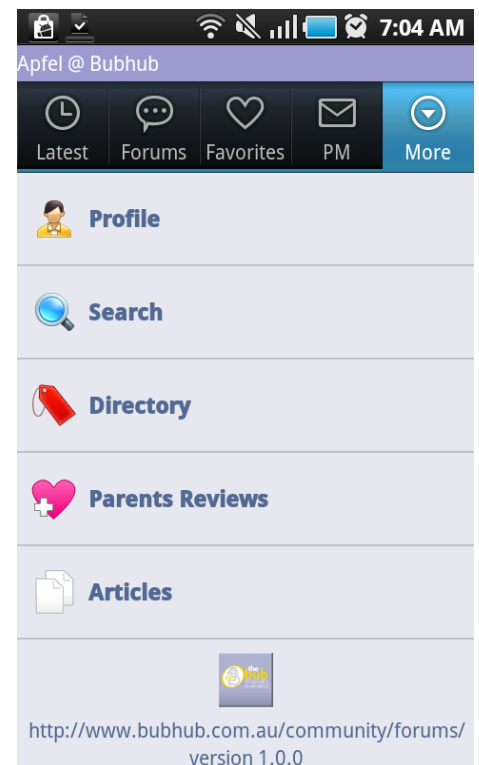

To compose a new PM, press your menu button and select 'New PM'.

The **More** tab will allow you to view your profile and search the Directory, Forum, Reviews and Articles.

The **Profile** tab lists-

- Your profile details
- 'my topics' – threads you started
- 'my posts' – posts you made

---

A massive thanks to Bub Hub member Apfel who kindly compiled this guide!
